

GRAHAM BLECHSCHMIDT

Salem, OR | blechschmidtgraham@gmail.com | 503-367-6198

EDUCATION

Master of Science in Data Science , Willamette University, Salem, OR	Expected Aug 2026
Bachelor of Science in Data Science , Willamette University, Salem, OR	May 2026
Bachelor of Arts in Economics , Willamette University, Salem, OR	May 2026

SKILLS AND CERTIFICATIONS

Technical: R programming, Python, SQL, Excel, Microsoft Suite, Adobe Illustrator, VanillaSoft, PowerBI, Centric

Certifications: Excel 2019 Associate, CITI Social and Behavioral Research

DATA ANALYTICS PROJECT

SESAME DONUTS COST ANALYSIS PROJECT

SEPT 2023 - JAN 2024

- Collected and analyzed store production and waste values to highlight inefficiencies
- Discovered and quantified \$40,000 of undocumented overages to enhance cost control measures
- Compiled and presented results to the CEO and created a plan optimized for operational longevity

COLLEGE SCORECARD REGRESSION PROJECT

AUG 2025 - DEC 2025

- Performed 5-part statistical summaries to discover overall trends regarding medium income 10 years after graduating, to narrow the scope, and determine the correct predictive model
- Applied both R-based and manual ANOVA computations to identify and interpret overarching patterns in variance testing
- Applied matrix-based methods to compute a multivariable regression with statistically significant variables

WORK EXPERIENCE

Product Development Operations Intern, KEEN Footwear, Portland, OR

JUNE 2026 - AUG 2026

- Resolved tooling and design linkage issues for 300+ products in Centric PLM, improving data accuracy
- Built an R Shiny application that automated invoice processing, replacing manual email workflows.
- Analyzed sample costs and sales data to develop budget optimization recommendations.
- Researched enterprise initiatives and presented milestones to executive leadership.

Office Specialist 2, Oregon Department of Consumer and Business Services, Salem, OR

JAN 2026 - MAY 2026

- Supported the U.S. Department of Labor, Bureau of Labor Statistics by preparing, reviewing, coding, and entering survey data for the Survey of Occupational Illnesses and Injuries, ensuring accuracy, completeness, and compliance with federal standards.
- Conducted employer outreach via phone and written communication to clarify and correct survey responses, resolve data discrepancies, and maintain accurate business contact records.

Research Intern, Oregon Department of Consumer and Business Services, Salem, OR

JUNE 2025 - AUG 2025

- Played a pivotal role in pushing the agency to the publishing stage in the Oregon Open Data Initiative
- Developed R and SQL scripts to query Oracle databases to streamline asset retrieval
- Inventoried and documented hundreds of reports, identifying inconsistencies and underlying issues
- Saved manhours by creating a comprehensive catalog of 98 datasets with relevant schemas and tables

Bearcat Chats LDPR Team Lead, Willamette University, Salem, OR

AUG 2023 - MAY 2026

- Visualized caller data and increased the accuracy of leadership donor qualification by 55%.
- Retrieved reports and statistics to make data-driven decisions, increasing the overall efficiency of the role
- Executed fundraising calls, leveraging rapport-building and negotiation to maximize alumni donations
- Bridged the gap between advancement leadership and callers, ensuring seamless collaboration
